Tiktok was created with the mission to connect people across the globe in a fun and easy way. The app has deepened people's understanding of other cultures. Tiktok encourages users to "share their lives" and "explore their world". It can be used for simple tasks such as contact information exchange (phone number, email address, social network usernames) or creating a photo album of special moments with friends. This makes it a great option for messaging new people from different backgrounds. It allows non-verbal communication between users like facial expression and emotions as well as vocal secretion by voice recording. The concept of the app is to bring people together for a common experience and to build friendships.",
